

Capitol Hill Concert Series!

Sunday, September 22
Lincoln Park
6 – 7 p.m.

The fun continues this weekend. Throw on your dancing shoes and come listen to the Rock-A-Sonics.

The Rock-A-Sonics are an exciting rockabilly band led by young phenom, Willie Barry who is getting attention around the globe. They play a versatile mix of authentic rockabilly, vintage country, and atomic age rock and roll.

Lincoln Park comes to life in September with the NPS sponsored concert series! The concerts are reminiscent of ones held in the late 1960s as part of the Summer in the Parks program which promoted racial harmony and the use of parks through music, reading, sports and other activities.
