In an act of civil disobedience, a group of women and their supporters organize their ordination to become Episcopal priests in 1974. The women are harassed, some lose friends, and others are banned from stepping on church property.

Meet the women who built a movement that transformed an age-old institution and challenged the essence of patriarchy within Christendom.

Pay what you can – **Suggested Donation \$10**,
to pay for the screening, the rest will be donated to the House of Ruth*
